

Cobram Junior Tennis Association

Teams 2013/14

Please find a list of the tennis teams for 2013/2014 season below. This season we will have two grades – A Grade and B Grade. The task of preparing teams has been a difficult and time consuming one, and consideration has been given to age, ability and match results from last season. Playing team sports will develop many qualities in our children – participation, skill, team work, resilience and communication. Please support the committee in trying to enhance these qualities in our young players.

The committee reserves the right to change the teams.

A Grade

6 players will play each week. The top 2 players will play singles and 2 doubles, all others will play 3 doubles matches. No advantage will be played for deuce games.
